Wool

Phoenix Gaming can provide your property with stunning printed layouts manufactured from our exclusive SuperSuede Synthetic Material or the traditional finish, 100% Premium Wool. Any image can be printed on Phoenix SuperSuede Layouts! Our new and innovative production techniques allow any digital image to be printed regardless of the material, and all at the same low cost.

Vibrant colours result in stunning images that will not deteriorate over time. Our professional in-house design team will provide their special expertise to create a unique design for you. Don't let your creativity be limited by ancient production techniques that haven't progressed for 100's of years!

With SuperSuede you get a stunning look, excellent feel for dealers and players alike, plus longevity, these layouts wear and wear forever!
